Decisions Evaluations Archives Templates

This is a list of the projects you are currently developing. Clicking a project name will take you to that project to continue development. If you have completed data collection and analysis of the results, you should archive the project to allow other projects to become active.

Project Name	On-line	Participants	Editable	Status
⊞ Growth Strategy	Yes	Selected participants	Editable	Active
⊞ IT Portfolio C	Yes	Selected participant	Editable	Active
⊞ Select e-l	Yes	Selected participant	Editable	Active

Decisions Evaluations Archives Templates

Additional detail next page.

On-line	Participants	Editable	Status
On-line	Via Access Code	Locked	Active
Offline	Selected Participants	Editable	In Development

Templates

Your projects are stored in 4 stages:

1. Decisions

- ✓ Projects where you are a Project Manager.
- ✓ Status can either be Active or In Development.
- ✓ **Active Decisions count against your license.**

2. Evaluations

- ✓ List of all the projects that you can evaluate.
- ✓ You may either be a Project Manager role or an evaluator.

3. Archives

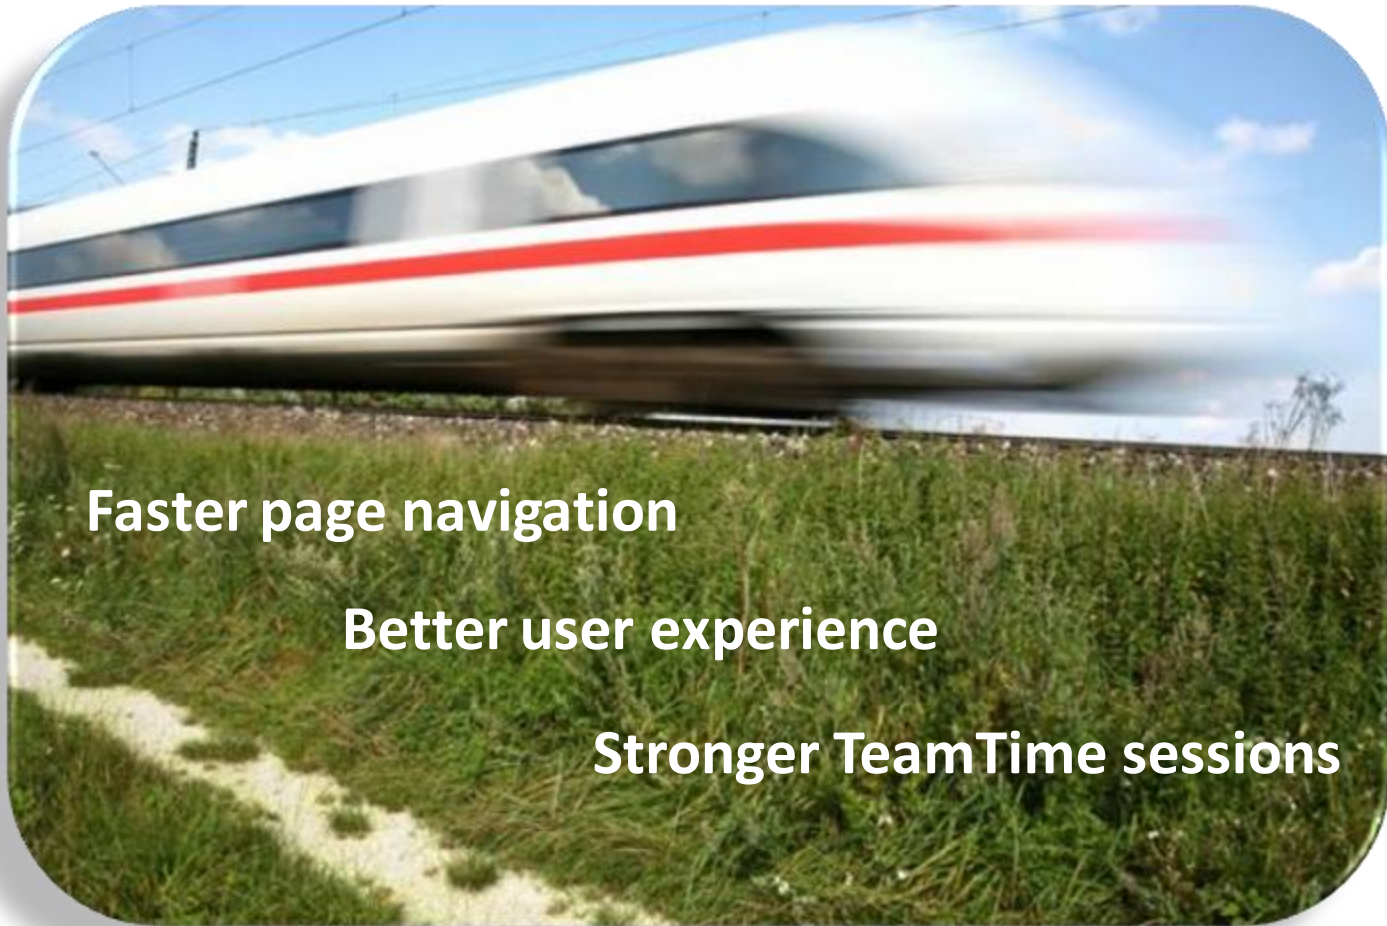

- ✓ Inactive, completed projects containing all gathered data and participant information.
- ✓ Easily flipped back to Active Decisions for additional work as needed.

4. Templates

- ✓ Simple storage of past, reusable project structures, including: objectives, alternatives, mapping, measurement methods.
- ✓ Project templates do not store data nor participant information.

Improved Performance

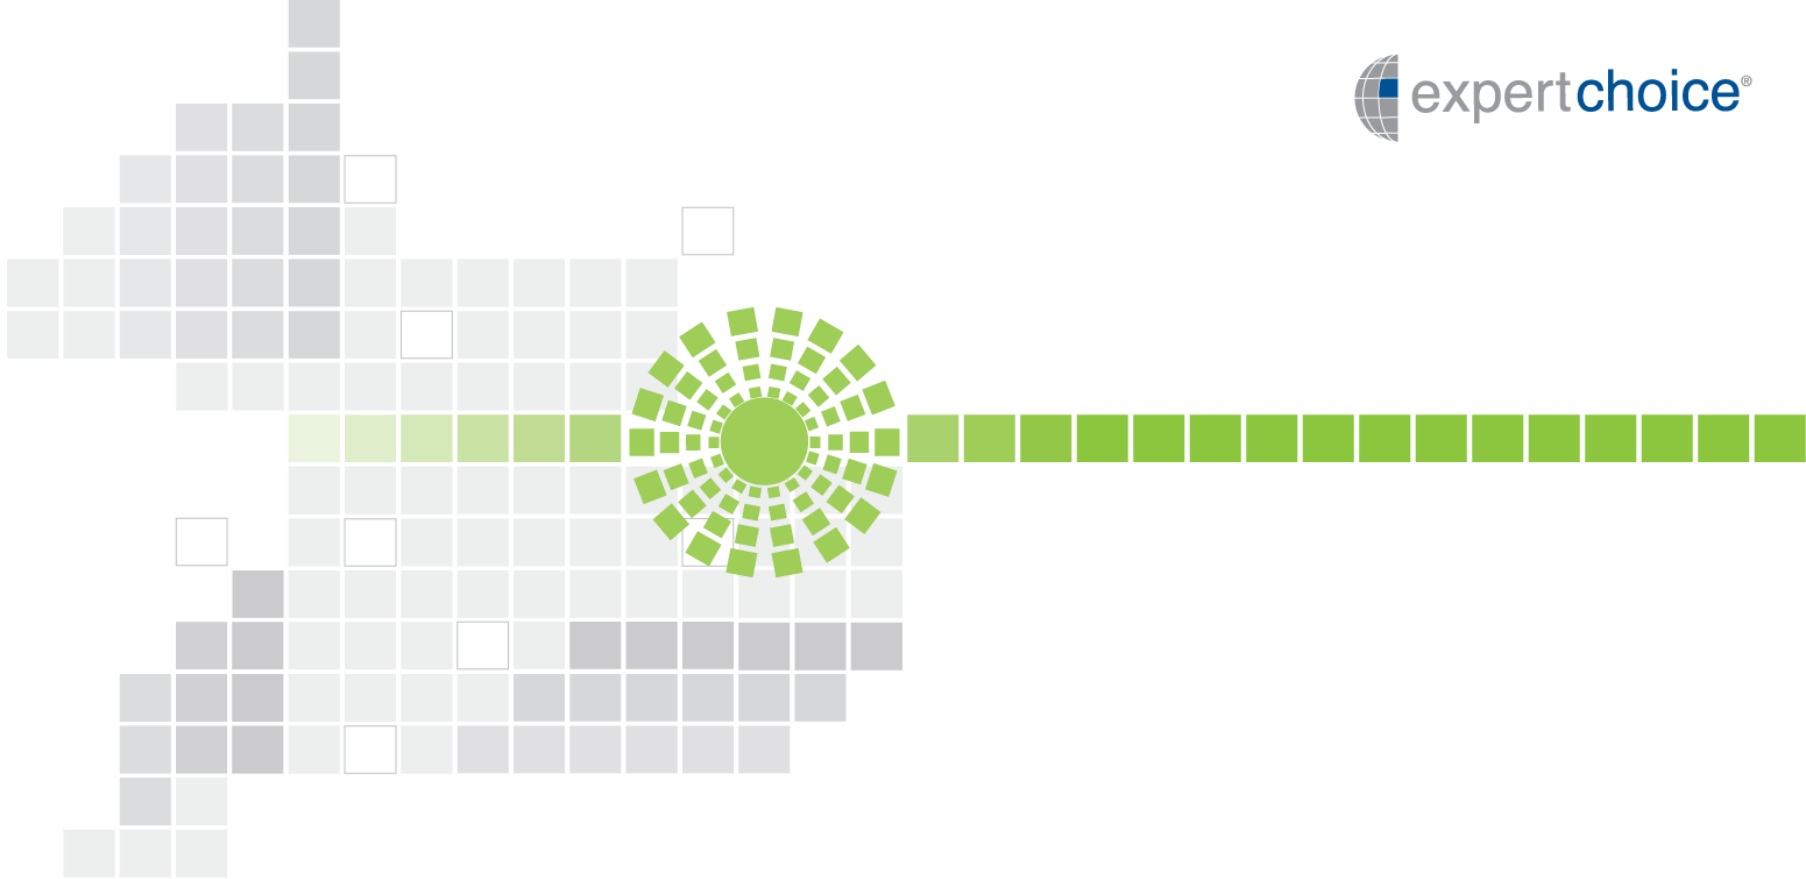

Comparion is faster, better and stronger.
